Dr. S.P.K. Jena, Editor of IJCP has brought the pending issue of the Journal of the year 2007 in December. We are optimistic that we will be able to catch up with the publication deadlines of the Journal by the year 2009. In order to get citation index, online publication of our journal was thought of, but priority is given for publication the journal on time.

Award Committee of IACP for the year 2008-2009 was constituted in July 2008 to submit a report within 3 month's time, so that the rules for the award could be announced to the members well in advance before the annual conference in January 2009. However the committee did not function since the nominated members declined to be in the committee. The committee was reconstituted with Dr. Kalpana Srivastava, Pune Convener and Dr Rakesh Jain, Agra as member.

The current Status of the Awards- The amount given as award is very meagre and steps need to be taken to increase the amount. It was decided to contact the donors who have instituted the award to increase the principal amount. If not successful, to present the award once in two or three years. The paper that gets the N.N. Sen award –selected based on the papers published in the Indian Journal of Clinical Psychology -to be given at the time of inaugural ceremony of the annual conference and not to have a session on it during the annual conference. The feasibility of constituting new awards including 1. Student Dissertation Award- M. Phil level 2. Lifetime Achievement Award 3. Clinical Psychologist of the Year Award 3. Clinical Psychology Mentoring Award 4. Clinical Psychology Service to the Public of the Year Award. Awards from 2-5 will be citations by the IACP, does not involve presentations during the conference and will be awarded during the inaugural session of the annual conference. Task force on Disaster Preparedness was constituted with Dr. K. B. Kumar as the chairperson and Mr. Prasanta as the convener. On its behalf, a need assessment was conducted in some of the flood-affected areas of Bihar in September, 2008. Following the 26/11 Mumbai terror attack and in the background of increasing number of young people being recruited for terrorist activities from various parts of our country, the relevance for the task force has increased. Dr. Sobhana Sonpar, who had worked in this area, has volunteered to steer the activities of this task force further. We are thinking of having at least one representative from each state in this task force to coordinate the activities more effectively across the country.
